PRINCIPAL'S REPORT

Winter is officially here, but it does seem that the calendar has finally caught up with our weather. As we are coming into the cooler months, the flu season is at our doorstep and COVID remains present in our community. It is vital that we remain vigilant to keep our students, staff and families healthy. Please remember to inform the school if your child tests positive to COVID and keep your children home if they present with even the mildest COVID or Flu symptoms. We appreciate your support to keep our school community safe and healthy.

It was great to see the students and staff refreshed after the long weekend. Hard to believe we only have a week to go before the holidays!

This week at school students have been busy reflecting on what they enjoy about school, how far they have come with their learning, and what they need to improve with their learning. The mid-year reports will be made live on Compass on Monday 10th July at 4:00pm.

Thank you to the many parents who made time to attend Student Support Group meetings this week. We had the chance to celebrate the achievement of many goals set for our students earlier in the year.

Please be reminded that next Wednesday (21st June) is a student free day. Our staff will be using this day as their Common Professional Practice Day - moderating work samples, collating assessments, planning for term 3 and writing semester reports.

Student led conferences with classroom and specialist teachers will be occurring from 11:00am to 7:00pm on the 16th August. This will be your opportunity to discuss with your child and their teacher, their performance and future learning. Bookings will be via Compass early next term.

STAFFING UPDATE

Mr Damiano Lo Nigro will be starting at a school closer to his home next term, Mrs Tanya Osborne will be replacing him for the remainder of the year.

Next term we welcome Mr Paul Parker to our current year 3 team.

HEADLICE

Please be advised that we have had several reported cases of headlice. A reminder that families are required to routinely check their child's hair for headlice. If live lice are found, children are not permitted at school until they have been treated. We

PRINCIPAL'S REPORT

encourage families to treat their children a week after the initial treatment in case any eggs have hatched.

ROAD SAFETY

Children need to be taught the language of road safety before they can understand the rules. For example, names of vehicles, names of street furniture such as pavements and kerbs, and an understanding of fast, slow, looking, listening and crossing. A well-educated child aged five may already have a grasp of fundamental road safety rules thanks to their parents. But others may not. Therefore, you should begin with younger children by checking they all understand the following:

- Paths/pavements are for people; roads are for traffic.
- Never go out near roads without a grown-up. Hold their hand and don't let go.
- Stop at once if you are told. Never try to cross a road until you are told.
- Don't run into the road or play on roads - play in a park, field or garden.
- You can help grown-ups look and listen for traffic to cross safely.
- Traffic lights (robots) and other crossings help people cross the road. When a red man appears, it means you must stop.
- You can wear bright clothes to be seen by traffic.
- If you ride in a car, never undo your belt and don't play with door handles or try to get out or distract the driver.

eLEARNING

I have been speaking with a couple of parents and students this week about some concerns regarding the use of online platforms, such as games, apps and various iterations of social media. As a community, we all need to play a guiding role in the appropriate use of online platforms. At school, we are noticing some students upset at certain things that have been said between friends, in online environments. I totally understand the difficulties associated with monitoring the use of technology in the home. If your child has access to any of the online games, such as Roblox or Minecraft, or even messaging apps, such as Kids Messenger or Whatsapp, please check in with them regularly. Quite often, children will not reach out to even the most trusted of adults until situations have become far too intense for them. We value our partnership with our parents and want to continue to work together in this space.

Kurunjang Primary School is committed to being a child safe organisation and embedding a child safe culture into our practices and processes to ensure all children who attend the school are safe at all times.

PRINCIPAL'S REPORT

SCHOOL VALUES

The next fortnight we will be unpacking the school value of **EMPATHY**. Empathy is the action of understanding, being aware of, being sensitive to, and vicariously experiencing the feelings, thoughts, and experience of another. Empathy sets students up to deepen relationships with their current classmates and people that they know outside of school.

ASSEMBLY

Looking forward to seeing you all at the Foundation to Year 2 assembly tomorrow. See you then.

Our school* is taking part in the Wonder Recycling Rewards campaign this term.

Help us collect bread bags so we can earn points to redeem on new RHSports equipment.
It's simple! All you need to do is keep your empty bread bags and send them to school* with your kids! We will then place them in Wonder's pink collection box and post them off to be recycled. The more we collect the more points our school* earns!

Collections close 7th July.

Tip for collecting:
Use one empty bread bag to collect a bunch of other bags.

Did you know?
Last year, schools collected over **10 tonnes of soft plastic**, that's the weight of an elephant!

LET'S GET COLLECTING!

* Includes early learning centres and pre-schools.

Tag [@wonder.breadtags](https://www.wonderbreadtags.com.au) #wonderrecyclingrewards to share all your recycling champion stories!

BREAD TAGS FOR WHEELCHAIRS

Please save your bread tags - they will be recycled to fund wheelchairs, mainly in South Africa.

We collect bread tags Australia-wide, and recycle these in Robe, SA. All funds raised through recycling are used to supply wheelchairs.

Re-made in Robe!

What can I do?

It's easy save your bread tags for a while and then drop them off at one of our collection points. Ask your family, friends, school and local café to help.

Visit our website for signage, to find your nearest collection point, or to host a collection point.
